### GOODS DESCRIPTION

1 x 6180 Load Bank unpacked  
(similar to the one pictured left)

Length: 3.00m

Width: 1.80m

Height: 2.50m

Nett/Gross Weight: 5000kg

### SPECIAL INSTRUCTIONS

**COLLECTION ON OPEN FLAT-BED VEHICLE OR BY HIAB LORRY LOADING WILL BE BY OVERHEAD GANTRY CRANE.**

Please ensure your driver brings his own straps to secure the load bank onto his vehicle and cover/tarpaulin if required. If you wish to collect on a curtain sided vehicle, please ask in advance and we will check to see if we can hire a forklift for loading. Curtain sided vehicles where a forklift has not been pre-booked will be turned away.

**NB:- We are unable to load this unit into a container at our premises. For shipments overseas, we recommend this unit is collected and loaded into an exclusive High Cube 40ft Container (this service will need to be carried out off-site by your own shippers, we are unable to load a unit of this size into a container at our premises).**

Please advise your collection arrangements at least 48 hours in advance. Loading facilities (by overhead gantry crane) are available on site.

The invoice and packing list will follow on completion.
